### How to Join Google Classroom With a Class Code

1. Using the above Level 8 Classroom code, follow these steps:
2. Go to [classroom.google.com](https://classroom.google.com). If you've never used Google Classroom, click "Go to Classroom."
3. Sign in with an email account that is NOT AFFILIATED with another school's Google Classrooms. If you don't have a Google account, you need to click on "Create Account" and enter an email address to get started. If you're already signed in and need to switch accounts, in the top-right corner, click your profile picture, select or add your account.
4. At the top, click Join class.

5. Enter the class code from your teacher and click Join.

The screenshot shows a 'Join class' dialog box. At the top left is a close button (X) and the title 'Join class'. At the top right is a blue 'Join' button. Below the title bar is a rounded rectangle containing a user profile icon, a text input field, and a 'Switch account' button. Below this is another rounded rectangle containing the text 'Class code' above a text input field. The input field is highlighted with a blue border and contains a vertical cursor. A hand icon is pointing at the cursor.

**Please Note:** Class codes are 6-7 characters, and use letters and numbers. Codes can't have spaces or special symbols.
